DEPARTMENT OF CHEMICAL AND BIOMOLECULAR ENGINEERING

#8

graduate school ranking

30

faculty

192

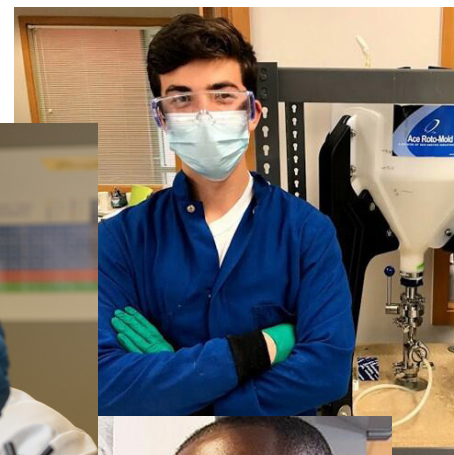

Ph.D. Students

100%

Ph.D. funded

EXCELLENCE IN RESEARCH

- Biomaterials
- Biopharmaceuticals
- Catalysis
- Data Science & Machine Learning
- Energy
- Polymers & Soft Materials
- Process Systems
- Sustainability
- Synthetic Biology

WHY GET YOUR PH.D. AT UD?

- Excellent Job Placement – Majority go into industry, and over 90 alumni are current faculty.
- Supportive community that values student health and wellness.
- Opportunities to develop teaching and mentoring skills.
- Entrepreneurial ecosystem fostering tech development and transfer.
- Competitive Stipend, Full Tuition Paid, Health Benefits.
- Interdisciplinary research excellence through 14 research centers
